W. H. IRISH,

G. S. CHESLEY,

Commissioners.

School Report

Report of the Superintendent of Schools

To the School Board and Citizens of Bartlett:

Three schools have been running during the year. The following is a list of the schools, the teacher and the number enrolled Feb. 1st:

Glen, Arthur G. Lord,	33 pupils
Intervale, Mabel Boyman,	16 pupils
Goodrich Falls, Edith Hodgdon,	11 pupils

About the usual number of pupils are attending school at Bartlett village. An unusual number of pupils are attending the Kearsarge school in Conway. The steam mill at that place brought in a number of pupils, and this will continue until the lumber is cut when most of the new pupils will move away. If there is no change it may be necessary to remodel the school in that locality, as the Kearsarge school in Conway is over-crowded.

The attendance during the winter term has been very unsatisfactory particularly at the Glen school. The storms and bad roads are largely responsible for this. The road from the Hill district has been impassable a part of the time. I believe that it will be better policy to board the Hill children near one of the schools, as their attendance has been very irregular, and the result is their progress in school is retarded.

The work in all of the schools has been satisfactory. But I wish particularly, to commend the work done

in the Goodrich Falls school. The pupils are all bright, and have made excellent progress, in some cases being in advance of the work laid down by the State Program of Studies.

The School Board has put the water into the Intervale school, and installed a lavatory and bubble fountain. A well has been dug at the Glen school, and a pump and sink in the dressing room makes the water available. The pupils in these two schools now have an abundance of pure water at all times, and this must result in better health for the children as good water is necessary for growing children.

The amount of money received from the State has been very small the last year. This is owing to some mistake, as the District voted the \$5.00 on a thousand of the equalized valuation, but for some reason it was not all assessed, during the past fiscal year, and Bartlett stood far down in the list of towns approved by the State Board of Education. As the amount this year is assessed and appropriated, there is no doubt but the town will have its proper share of the State aid next year. Bartlett Special District stood first in the State and received \$3,320.20, while Bartlett town district received but \$185.77.

Thanking you all for your aid and advice, I am,

Respectfully yours,

L. M. FELCH.

FINANCIAL REPORT

The School Board of Bartlett submits the following financial report for the year ending June 30, 1922:

Received

From the State, equalization fund,	\$82 37
From the Selectmen, elementary,	2,286 65

Co., note,	1,046 86
Balance in treasury, June 30, 1922,	4 11
	\$7,473 19

This is to certify that I have examined the accounts of the Treasurer and find them correctly cast and properly vouched.

G. W. MORTON,
Auditor.

Report of the Superintendent of Schools

To the School Board and Citizens of Bartlett Special District:

It is with genuine pleasure that I present this report of the condition of the schools of Bartlett Special District, as I am confident that things have been accomplished during the past year that reflect great credit upon the town, and that will bring great good to the future citizens of Bartlett. You have long been interested in your elementary schools, and have taken great pride in their advancement. But until the past year you have been forced to send your ambitious boys and girls out of town to receive their secondary education. This was a hardship to those who sent their children away, and many who did not feel they were able to go to this expense were deprived of this advantage.

Largely because of the business ability of your building committee and to their unselfish devotion to your interests, a high school building has been erected that is a credit to the town, and must be a source of pride and blessing to all of the people of Bartlett for many years. I have heard the remark again and again that Bartlett has erected the best building at the low-

est cost of any town in New England. I feel confident that not a dollar has been spent that has not brought back a dollar's worth of value.

Owing to necessary delay in material, and for other reasons, the school did not begin at the same time the elementary schools opened, but at last the time came, and the school opened with 23 pupils, all eager to avail themselves of the new opportunity. Unfortunately Mr. Hounsel has been ill and that has taken time, and it is almost a doubt if the 36 weeks can be put in during the fiscal school year, which ends June 30. But good work is being accomplished, and the pupils are also taking hold of the athletic activities in such a way that Bartlett High School is on the school map.

The elementary schools are doing good work and the interest and discipline is excellent. New records for the Victrola have been purchased and the pupils and teachers are taking regular exercises by music, and the result is very noticeable in the improved physical condition of both pupils and teachers. The following is a list of the schools, teachers, and the number of pupils in each school.

High School, William Hounsel, principal,	23 pupils
Grades 7 and 8, Mrs. Marion Stoddard,	
teacher,	23 pupils
Grades 5 and 6, Mrs. Eliza J. Hale, teacher,	35 pupils
Grades 3 and 4, Mrs. Nettie W. Holt,	
teacher,	28 pupils
Grades 1 and 2, Miss Pearl Raymond,	
teacher,	36 pupils

Total in the schools,	145 pupils
The people of Bartlett are proud of their well	

equipped and vigorous schools, and are showing their appreciation by encouraging constant attendance. As in other places there has been some sickness, but, on the whole the attendance has been satisfactory. No community can have good schools without effort and sacrifice. But the people of Bartlett have these qualities to a marked degree, and we may look for very satisfactory results from your schools.

Thanking you all for your generous support in this school work, I am

Very respectfully yours,

L. M. FELCH.

Bartlett Special School District

The School Board submit the following financial report for the year ending June 30, 1922:

Receipts
